

It is Spring Time!

This school year is passing so fast that I can hardly keep up! To experience all the great things these amazing students are doing is a joy. Students are graduating as we have graduated over 70 students with many of them preparing to go to college! That's right, at the Phoenix, College/Career Readiness is not an option! I hope you have been following us on FaceBook and Twitter so that you can see all of the giving back to the community that our students are doing.

As we are nearing the 2017-18 school year, I want to take this opportunity to say "Thank you to all of our phenomenal parents and community partners". Thank you for being a part of helping our students rise to greatness.

Parents, please be sure to monitor with your graduating student all of the senior activities happening at their home campus. All graduating information regarding their home campus can be found on their home campus website. Parents continue to encourage your student in their attendance and course completions.

We are gearing up for the last piece of our Phoenix Flight Plan which is the "Flame to Flight Business Expo". Our theme is "Soaring to Success". This mock conference is for current as well as graduated students. This conference will make a significant impact on the students who take the opportunity to come and learn about transitioning into the real world. The conference will be held on April 11<sup>th</sup> at the MISD Center for Performing Arts.

I hope that I will have the opportunity to meet with you on May 3rd for Iced Tea with the Principal. This day is for you as well as community members to join me in discussion and feedback regarding what we are doing at The Phoenix Academy and how we can continue to make a difference in the life of your student. It is come and go, so I would love to see you between 8:30-10:00 am in the Phoenix Nest.

It is truly a blessing to lead a school of upcoming leaders in the community. I greatly appreciate your support and you being a part of this journey of seeing your student become a 2018 graduate!
